Butler Endocrinologist Opens New Lyndora Office

Butler, PA - (July 5, 2005) - Oscar Castro, M.D. will open Butler Regional Endocrinology in Lyndora on July 5. Dr. Castro is moving to 111 Woody Drive, Butler, from his current practice located at the Butler office of Butler Medical Associates.

Butler Regional Endocrinology, a specialty of Butler Medical Providers and operated by Butler Health System, will expand on a needed medical specialty in this region, providing service for those with diabetes, thyroid, pituitary gland, osteoporosis, parathyroid, adrenal, and other endocrine needs. An endocrinologist treats conditions related to glands and hormones. The new office telephone number is 724-284-4682.

Dr. Castro came to Butler from Oklahoma City Veterans Affairs Medical Center in Oklahoma in early 2004. He earned his Bachelor of Science degree in medical technology and his doctoral degree from the Far Eastern University in the Philippines. He completed an internal medicine residency at Woodhull Medical and Mental Health Center SUNY in Brooklyn, NY. He also was awarded a fellowship in endocrinology at the Oklahoma University Health Science Center in Oklahoma City, OK. He was previously employed at the Primary Care Physicians and Endocrinologists at Tyler Healthcare Center in Tyler, MN.

Dr. Castro is board certified in endocrinology and internal medicine. He is a member of the American Diabetes Association, the American College on Clinical Endocrinology, the Endocrine Society, and the American Thyroid Association.

Dr. Castro resides in Butler with his wife, Marigold Castro, and their son.
